

GENERATION MINING

GENERATION MINING TO HOST WEBINAR ON APRIL 29TH AT 2PM EST

Toronto, Ontario – April 27, 2020 – Generation Mining Limited (CSE:GENM) (“Gen Mining”, “Generation”, or the “Company”) would like to invite interested shareholders and the general public to join Kerry Knoll, Executive Chairman, Jamie Levy President and CEO and Drew Anwyll, Chief Operating Officer for a webinar detailing recent progress towards the planned, fully funded Feasibility Study on the Company’s Marathon Palladium-Copper Project in Ontario.

Live Webinar

The Generation Mining webinar will take place on Wednesday, April 29th at 2pm ET/11:00am PT. Management will be available to answer written questions following the presentation.

Online registration and participation details may be found at the following link:

About the Marathon Palladium Project

The Marathon Deposit is the largest undeveloped platinum group metal Mineral Resource in North America. The Marathon Property covers a land package of approximately 22,000 hectares, or 220 square kilometres. Generation Mining acquired a 51% interest in the Marathon Property from Sibanye Stillwater on July 10, 2019 and can increase its interest to 80 per cent by spending \$10 million over a period of four years. As of Q1, 2020, approximately \$4 million of the \$10 million has already been spent. Sibanye Stillwater has certain back-in rights that can bring its interest in the Property back to 51 per cent after such time as Generation Mining has earned its 80-per-cent interest (see the company's press release of July 11, 2019, for more details).

Forward-Looking Information

This news release includes certain information that may be deemed “forward-looking information” under applicable securities laws. All statements in this release, other than statements of historical facts, that address acquisition of the Property and future work thereon, Mineral Resource and Reserve potential, exploration activities and events or developments that the Company expects is forward-looking information. Although the Company believes the expectations expressed in such statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the statements. There are certain factors that could cause actual results to differ materially from those in the forward-looking information. These include the results of the Company’s due diligence investigations, market prices, exploration successes, continued availability of capital and financing, and general economic, market or business conditions.

Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking information. For more information on the Company, investors are encouraged to review the Company’s public filings at www.sedar.com. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
